EW YORK (A. L.), 4; CHICAGO, 2-PIRST GAME. The Highlanders swept the remnants of anager Sullivan's White Sox into two neat little heaps at the Hilltop yesterday after-noon. Said heaps represented a double victory for the resident Americanos in the bargain day farewell of the pale hosed warriors from Cook county. The first chapter
of the festivities was an ordinarily exciting
diamond encounter which closed with the
locals on the big end of a 4 to 2 score. The
second was a slaughter, a 7 to 1 affair that
was concluded almost as soon as started.

It was a history making day for the Mich. as concluded almost as soon as started.

It was a history making day for the High-

It was a history making day for the financial state of the one club that has had them trailing on the one club that has had them trailing the Red Sox to three runs on the one club that has bad them trailing the Red Sox to three runs for the score of the second state of the runs of in a second division berth but set their season's record for consecutive victories at eight. They made it a clean sweep of the series with Chicago, a trick that had not been accomplished in many years, and the second consecutive series of the year in which New York has been returned victor in every game. Moreover the double defeat for the Sox pulls that club back to within feat for the Sox pulls that club back to within and the series of the Hillimen puts s game and a half of the Hillmen, pute Stallings's chargers within striking dis-tance of the first division and also estab-lishes the claim to undisputed fifth position. Going further into the matter, it puts Ed Walsh and Doc White in the discard stall of

Walsh and Doc White in the discard stall of Jim Scott as broken hoodoos so far as the logals are concerned.

Odious comparisons between vanquished and victors would be cruel. The countless errors of omission and commission perpetrated by Chicago's outer and inner depetrated by Chicago's outer and inner defende were dimmed in the light of New York's lattice defence. It was not such a such as the light of New York's lattice defence were dimmed in the light of New York's lattice defence. cintillating defence. If ever a pitcher was afforded brilliant support Joe Lake and ack Quinn, who toiled for the locals in the respective games, may declare themselves From Chase to Austin the infield pulled of phenomenal play after play until the big crowd regarded the most daring robas an ordinary matter. The leader of the quartet was Jack Knight

fast making the fans forget all about Kid Elberfeld and his lame ankle. The long boy has evidently found himself at the short-stop position for the first time since Yor-man's most recent indisposition. Knight was an infield in himself in both games terday. With the able assistance of Ear yesterday. With the able assistance of Earl Gardner, who looks better every second, that keystone position was guarded as never before this season. The tall shortstop robbed Chicago of more than a half dozen hits, and started one of the most brilliant double plays seen on the Hill. He was the slugger of the afternoon, with three hits in the first game and two in the second, that featured strongly in all his side's run making. Chase too entered much into the spirit of the thing. His copyrighted one hand stops saved his helpers a number of errors. The infield slone got eight hits in each contest, a more than creditable performance.

Joe Lake pitched one of his best games, Juinn didn't have to exert himself after in overwhelming lead had been handed itm in the closing contest. Lake might lates had a shutout in the introductory entertainment had he been more careful in the first inning and had Sweeney been ally to peep up over his head in the ninth. Idea gave three bases on balls in the open.

in the first inning and had Sweeney been ably to peep up over his head in the ninth. Joe gave three bases on balls in the opening period and anybody so generous with the Box may look for trouble. Messenger and Pat Dougherty pulled the double steel for a count when Gardner's throw to the plate was a trife late. It looked like sure death for Long Pat a moment or so, as he was well boxed in on the paths before the speedy Messenger made his record dash for the pole. The one might reasonably have been multiplied had not Cole gone to sleep after strolling ahead of Dougherty. He was out on Lake's quick throw that caught him flatfooted. Dougherty tripled in the ninth after raising an easy foul which Sweeney didn't see till it hit by his feet. Parent's long fly was just a sacrifice and that's all. Austin's fine relay from Engle failed in a double play by inches.

The Hilltoppers got to Ed Walsh for two runs in each of the second and fourth innings. Gardner's double and singles by Knight and Sweeney gave the first brace. Knight's double, Austin's hit coupled with Tannehill's bad throw, a sacrifice and wild pitch added the couple. The locals continued to hit Walsh until he kicked himself out of the game after fanning in the call that is my continued to hit walsh until he kicked himself out of the game after fanning in the second game the youngster had to hurry to the scene of action once more. It was a to e soore that stared him in the face after the first round and his good work went for naught.

Stallings sent Cree to centre field when White was announced, wishing of course as many right hand hitters as possible all the way round on a single walked. Then after Keeler and Chase grounded everybody either hit or outguessed the physician. After Cole's error let Engle all the way round on a single walked. Then after Keeler and Chase grounded everybody either hit or outguessed the physician. After Cole's error let Engle all the way round on a single walked. Then after Keeler and Chase grounded everybody either hit or outguess

Scanfan pitched the first game against Schwenck, a youngster recently imported by the cubs from Memphis. Schwenck proved easy in the opening inning.

The Dodgers made their runs in the opening round of the first game by timely batting and good baseball. Burch started with a single and was sacrificed to second by Wheat. Jordan's infield out put him on third, and he scored when Downey hit past Evers by a single. Hummel singled to centre and Lennox poled a double past Howard at first, Downey and Hummel scopring.

Upen Pear Games With the Placker, High anders—Washingteers New Man age, McAler, Mas a Good Record
The Detroits, who are irring to win the Highlanders—Washingteers New Man and Chines on was for ponds under the State of the American League pennant for the third of the control of the control of the third of the control of the c

ager Stallings yesterday "it will be the result of phenomenal bail playing against the Highlanders and the Boston Red Soz.

We are in fine shape now and we intend to make the Tigers fight for all they can get. Our pitchers are in great trim and the team is hitting the bail hard. We will play our best ball against Deffoit, but as we have against all of the other teams, for the Highlanders are dead anxious to finish in the first division."

New York fans are anxious to see the Athletics win the American League pennant because of a natural desire to have the championship leave the West. Detroit has been so easily beaten in the world's series twice in succession that American in the cannel for the championship leave the Pittaburgs. In the considered more capable of making a succession that American appeared superior to the Tigers in every war, and for that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Mack's men are considered more capable of making a succession that reason Deficit the distribution of the same Driving Club. to be shown in hard two winds and the lease of the Mack's men are considered more capable of making a succession that the deficit the distribution of the Mack's men are considered more capable of making a succession that the content of

"I'll bet \$100 to \$50 that Ketchel will never agree to fight Langford," said President Glbeon of the Fairment A. C. "He doesn't want any part of Langford's game and after the Johnson mill he will draw the color line!" Right on top of this statement comes word that Britt is planning to take Ketchel to Europe as soon as the fight with Johnson has been decided and that it is just possible they will visit Australia, where Promoter Molatoch says he will hang up a pursa for a Ketchel Town w. Burna Language of the Retails of the Retail Johnson has been decided and that it is just possible they will visit Australia, where Promoter McIntosh says he will hang up a purse for a Ketohel-Tommy-Burns fight. Bob Fitasimmens, by the way, is matched to fight Bill Squires twenty rounds at Sydney, N. S. W., the day after Christmas, which is the first anniversary of the Johnson-Burns mill. Ketchel will begin training in Frisco to-morrow for the Johnson mill. He has three weeks to fit himself and also recover from an injured arm, lie says he will weigh 185 pounds for the negro and is still telling his friends that he will win decisively. Johnson is rapidly getting into great trim for this affair and regards Ketchel as an easy mark. The black man is taking six, eight and ten mile road runs, it is said, and will scale at 205 when he enters the ring.

Sam Langford will box twelve rounds in Boston next Tuesday night with a second rater who calls himself the Dixle Kid, who has received preference over Joe Jeannette. On form Langford should win by a knockout in jig time, but some of these Boston ring contests are queer, to say the least.

There was no interference with the fight between Kid Sullivan of Washington and Frankie Madden of this city at Albany on Tuesday night. The club before which the men battled conducted its affairs on the lines that prevailed in this city.

After an absence of over two months in his native land, José B. Capablanca, the Cuban chess champion, returned to this city yesterday. Just before his departure from Cuba he played twenty games against agome of the leading experts in that city, winning sixteen, losing one and drawing three. While in Havana he figured twice in public exhibitions, playing simultaneously against teams of fifteen and twenty-five opponents. On the first occasion, he won twenty-three, lost one and draw one in two hours and a haif, and in the second performance he made a score of fourteen wins and a draw.

Small Prices for Pfizer's Racers. Special Cable Despatch to THE SUN.
PARIS, Sept. 23.—An auction sale of eight of Prizer's racing stable to-day did not realize large prices, although all the horses were prize winners in America and France.
